

Committed to being a strong protector.

We believe everyone deserves to feel protected. That's why we continue to push ourselves to offer reliable, accessible products — for 115 years and counting. We're focused on putting people first, connecting them to the right protection for the life they've built and delivering on our promises, always.

Even though we've been around for a while, we don't rest on how we've always done things. We take all our experience and financial strength and use it to improve protection for those we serve, today and tomorrow.

That financial strength is recognized in the industry. Protective carries high ratings from independent rating organizations who measure a company's financial strength and claims-paying abilities. They look at factors like overall performance, asset quality, financial flexibility and capitalization.

We have insurer financial strength ratings of:

	A.M. Best	S&P	Fitch	Moody's	Comdex
Protective Life Insurance Company	A+	AA-	AA-	A1	93
Protective Life & Annuity Insurance Company	A+	AA-	AA-	–	94

These ratings are current as of February 16, 2024, are subject to change and do not apply to products or their performance. Comdex ranking, current as of March 2025, is a composite of the financial strength ratings as determined by Standard & Poor's, Moody's, A.M. Best and Fitch. It ranks insurers on a scale of 1 (lowest) to 100 to reduce confusion over ratings because each rating agency uses a different scale. Please visit protective.com for more current information.

An insurance rating is an opinion of the rating agency of the insurance company's financial capacity to meet the obligations of its insurance policies in accordance with their terms. Each of the independent rating organizations that rates Protective has assigned its rating based on a variety of factors, including the company's operating performance, asset quality, financial flexibility, and capitalization. A rating is not a recommendation to purchase, sell, or hold insurance contracts. Ratings are subject to change at any time. The insurer may have paid a fee to the rating agency.
